

Community Health Care Workers are front-line workers who serve as a liaison between health and social services and the community to facilitate access to services and improve quality and cultural competency of service delivery. The most common job duties include assistance with access to medical services, community advocacy, and assistance with non-medical services, case management and providing social support to community members.

Examples include:

- Positively connecting to the community
- Helping others find access to health care and social services
- Managing cases and coordinating care
- Delivering home-based support services
- Coaching and promoting good health

Bilingual speakers are encouraged to apply.

Training includes Mental Health First Aid, CPR & First Aid
