1. Overview

This document describes the steps to create and review a digital Renewal file for candidates in the first year renewal process. This process is described in *Renewal Document - August 2019* located on the [Faculty Senate Documents page](#). That document is the single reference for all parties in the assessment process.

The digital file is implemented using the familiar Blackboard/Learn9 software that supports Southern’s teaching and learning. In place of tabbed binders, you’ll place copies of your materials in folders located in a Blackboard/Learn9 area whose access you control. As with the conventional binders, you are the only person who can add documents to these folders. You also grant read-only access to these folders as the Renewal process is conducted.

The *Renewal Document - August 2019* document has two parts. The first part describes roles and responsibilities in the process, while the second part is a calendar specifying deadlines for

actions during the assessment process. This guide uses material from both sections, arranged so that all material applicable to a particular deadline is in one place. Quotations from the document will appear in italics within a text box.

This process is being conducted by the Faculty Senate and the Office of Academic Affairs. The Senate is committed to improving this process the following Senators and staff will support you:

- Deborah Weiss, Senate President (weissd1@southernct.edu)
- David Pettigrew, Chair: Promotion and Tenure Committee (pettigrewd1@southernct.edu)
- Walter Stutzman, Senate Technology Committee (stutzmanw1@southernct.edu)
- Karen Musmanno, Systems Manager for Blackboard/Learn9 (musmannok1@sothernct.edu)

2. Getting ready to create your digital Renewal file

These excerpts from the *Renewal Document* outline the material you need to place in your file. A complete description of the file contents is located in Sections II and II.B of the *Renewal Document*.

II.B. Criterion

1. Introduction

The fundamental quality to be considered by all who evaluate a candidate shall be academic excellence, as defined by a process of shared governance. Only the categories outlined shall be used to this end and, for all teaching faculty, weighted in the order as described in Part II.B.2 of this document. For non-teaching faculty, see the Collective Bargaining Agreement for categories and weights of evaluation.

II.B

2. Categories of evaluation

- a. Professional Competence/ Teaching Load.**
- b. Creative Activity.**
- c. Productive Service to the Candidate's Department and University.**
- d. Professional [Attendance and] Participation.**
- e. Years in Rank**
- f. Record of any Disciplinary Action in the member's file in the time of evaluation.**

- **At the outset you'll need the following email addresses**
 1. The members of your Department's DEC
 2. Your Department Chairperson
 3. The Dean of your School
 4. The Provost.

A Step-by-Step Guide
Version 1.2: August 19, 2019

- It is important to understand a major change in the Renewal process. With a paper-based file, you would deliver a binder to the DEC/CFEC. Once the DEC/CFEC delivers its evaluation to you, it is the responsibility of the DEC/CFEC to deliver the physical file to the department Chairperson. With digital files, you (as the sole owner of the file) are responsible for making the file available to the department Chairperson.

The same action is required at each successive step in the review process. The reviewer (Chair, Dean) sends you the evaluation. You add the evaluation (and the optional response document) to your file and then make this file available to the next person(s) in the review process.

You are responsible for meeting the deadlines specified in the Renewal calendar. To help you with this obligation

- Each step in this process lists the associated deadline dates;
 - Two dates are specified for each step. The first date applies to candidates whose appointment began at the start of the academic year. The second date (in brackets) applies to first-year appointees who started in January.
 - The calendar from *Renewal* document, which shows all dates, is in Appendix 1;
 - One (1) week prior to a deadline, you will receive an email reminding you of the upcoming deadline.
- **Please ensure that your browser is compatible with Blackboard/Learn9.** The first page you will see when opening Blackboard/Learn9 has a section entitled *Browser Compatibility* located at the bottom right of the page.
 - **All of your documents must be in PDF format.** This format makes them readable regardless of the reviewer's computer type or choice of word processing package. This can be as simple as saving a Word document in PDF format (instructions can be found here: <https://support.office.com/en-us/article/save-or-convert-to-pdf-or-xps-d85416c5-7d77-4fd6-a216-6f4bf7c7c110>). If you have only paper copies, you'll need to scan them. We recommend that you use one of the copiers that supports scan-and-email.

The filename of a document should reflect its contents: Student_work_example1-MUS110-S17; Student_opinion_survey-F16_ECO100, etc.

3. Deadlines preceding submission of your digital Renewal File

These are actions that will occur before you submit your digital file. None of them requires addition of material to your digital file.

November 15 [September 4] The Department Chairperson shall notify the DEC/CFEC in writing of second year or later renewal evaluations to be conducted. The DEC/CFEC receives and reviews records and notifies member who must be evaluated.

4. Creating your digital Renewal File

December 4 [September 12] The DEC/CFEC Chairperson shall inform in writing each member to be evaluated of (1) the fact and purpose of the evaluation, (2) the opportunity to submit materials and (3) the opportunity to appear personally before the DEC/CFEC prior to the making of its recommendation.

Members to be evaluated shall expeditiously meet with Office of Human Resources for the purpose of examining his/her personnel file.

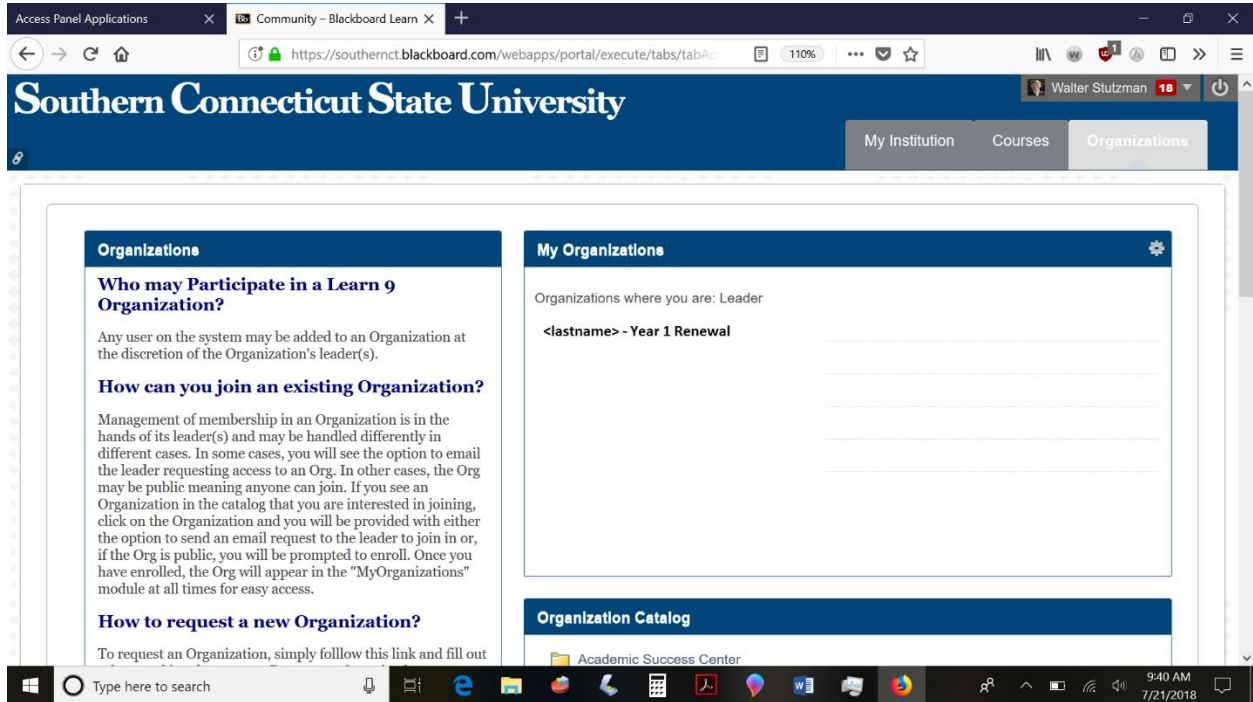

This section describes each folder in your digital file along with suggestions about adding materials. There are annotated screen captures showing each step in the creation process.

Your portfolio is implemented as a Blackboard/Learn9 *organization*. This organization contains *folders* for the materials you'll submit. As mentioned earlier, you are the only person who can add or delete material. As your assessment proceeds, you will enable read-only access to your digital file for the assessors.
