The following pages provide instructions on how to report students as attended or never attended at the start of each term, how to make changes during the one-time reporting period, and reinstatement procedures should the student’s attendance status change.

**Attendance Definitions**

For on ground classes: If a student has attended at least one class meeting, mark them as ‘Attended’. Students not on the class roster should not be permitted to attend your class.

For online/hybrid classes: If a student has participated in an academically related activity (assignments, exams, discussions with professor, etc.), mark them as ‘Attended’. The student logging in is not sufficient evidence of participation.

Stopped attending: Students who started the course, but stopped attending must be reported as ‘Attended’. Instructors will report the last date of attendance for a student who stopped out with mid-term grades (see 'Stopped Attending’ section of Grade Submission Instructions).

**To Report Students as ‘Never Attended’**

Highlight the student(s) to move them from the ‘Attended Class’ column to the ‘Never Attended’ column >Submit. Wait to report another course until you have received confirmation.

- Students reported as having ‘Never Attended’ a class, will have their registration status changed to ‘Never Attended’ (NA). This will remove the student from the class roster and an 'N' will be reported on the transcript.

- Students marked ‘Never Attended’ will receive an email informing them of their status (cc: Instructor). If they feel they were reported in error, they are instructed to contact their instructor to request reinstatement. Requests received after the reinstatement deadline, must be approved by the Instructor and the appropriate academic Dean.
Making Changes During the Reporting Period

To remove a student from ‘Never Attended’ list, highlight the name(s) in the right box and click ‘Submit’.

If students are added to your class roster after you initially reported attendance, their name(s) will appear in red and they must be verified. To verify they ‘Attended’, simply click ‘Submit’. To report them as ‘Never Attended’, highlight the name(s) within the left list, and click ‘Submit’.
