

How to Change My Major or Add a Minor

1. Log into MySCSU (login.southernct.edu)
2. Click on Banner Web
3. Click on Student Services
4. Click on Student Records
5. Click on Change Major or Minor
6. Log in using your username (do not include the @southernct.edu) and MySCSU password
7. Follow the prompts

*If changed to Healthcare Studies, select the “General” concentration unless you have discussed the other concentrations with a Healthcare Studies advisor

What to Expect Next

1. An automatic email that your request has been submitted
2. An email once the new major personnel has reviewed your request (this will include whether your request was approved or denied)
3. An email once the registrar’s office has processed the change if approved in prior step (this is when you will see the changes on your degree evaluation; in the meantime you can run a what-if degree evaluation – see [instructions](#) on how to do that)
