# PARIS

The 2022 Summer Program in Paris, France, is designed to give students the opportunity to learn, live, and study in the City of Light.

Students will be introduced to many exciting dimensions of the city, as these courses take full advantage of Paris' rich and storied environment. While abroad, students can immerse themselves in the art, architecture, cuisine, and history of this cultural epicenter, all while improving their French cultural and/or linguistic competencies. This program offers a rare opportunity to learn about the city's many neighborhoods, monuments, events, and cuisine in a far more comprehensive way than most travelers can. While Paris is the central location, students will also travel outside the city to visit additional historic or heritage sites. Past destinations have included the royal palace of Versailles, the medieval village of Provins, and the castles of Chantilly and Vaux-le-Vicomte.

## DATES

June 30 - July 31, 2022

## COURSEWORK

No prior French language study is required to participate on this trip. Students are required to enroll in at least one culture-based course chosen in consultation with the trip leader. Students may also enroll in an additional 3-credit language course.
