

## Elections Committee (EC)

Minutes for November 2, 2022

Although the committee did not meet, the Elections Committee has begun a few of their assigned tasks:

- Getting updates from various all-university committees about their status. This includes getting meeting dates, minutes, and any updates from the committee they'd like to share with Faculty Senate. Each of the committees have been contacted to provide updates.
- Discussing the impact of students being admitted to Southern during the first week of classes. Some interested parties have been contacted to see how this affects advising and enrollment.
- Filling the remaining few vacancies on FASP (HHS and BUS) and the CSU Professorship Advisory Committee (HHS).
