

## Adding the DEGREE WORKS APP for a direct link to Degree Works

### WHY:

- This is helpful for anyone who is looking at many students DEs only, not needing to see other aspects of their Student profile page.
- Degree Evaluation is also available easily within the Advisee Search Profile Page, left menu option. via BannerFaculty/Advising\_Advisee Search\_

### HOW TO:

1. To add an App to your MyApps, under Employee Apps, click the three dots on the right and select + Request new apps

2. From the list that, select -Degree Works Responsive Dashboard and click add.  
*You may have to log out of your MyApps, and wait 15 min. and log back in for the app to appear.*
3. If you are using the custom "MyApps" page, you first need to add the app to your Employee apps, then once it's added you can also add it to your custom app page.
