

GlobalProtect VPN: Installation – Android

ntroduction	1
nstallation	1

Introduction

In this guide you will find information on how to install the GlobalProtect VPN software on an Android device through the PlayStore. This will allow access to the university network while off the campus network.

Installation

1. Open the Play Store.

2. Search for "GlobalProtect", select the app, and install.

3. Once installed, open the app.

4. Enter the portal address "remote.southernct.edu". Then click "Connect".
