
How to Change My Major or Add/Change a Minor

How to Change My Major or Add a Minor:

1. Log into [Selection of Degree Program](#). Log in using your MySCSU ID/password to add/remove or make changes to your current your program of study.
2. Select one: Major, Minor or Certificate.
3. Select your Request Type: Add, Replace or Drop.
4. Select the name of the program you wish to add, replace or drop.
5. Click on: Submit Request.
6. Repeat above steps as necessary to ensure you have selected all of your chosen degree programs (major, minor, certificate).

What to Expect Next:

1. An automatic email that your request has been submitted.
2. An email once the new major personnel has reviewed your request. This will indicate whether your request was approved or denied. If approved you will also receive your assigned advisor's name.
3. An email once the registrar's office has processed the change if approved in prior step (this is when you will see the changes on your degree evaluation; in the meantime you can run a what-if degree evaluation – see instructions on how to do that))
