Introduction

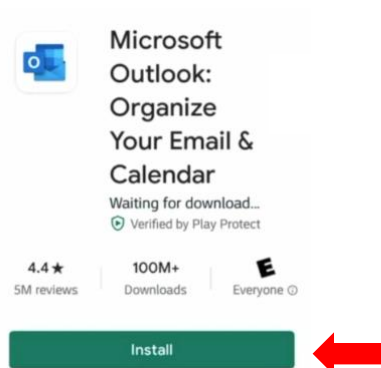

This guide will show how to install and set up the Outlook app on an Android device.

Installation

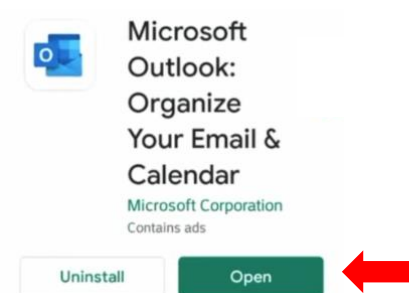

1. Open the PlayStore.

2. Search for “Outlook”, select the app by Microsoft, and install.

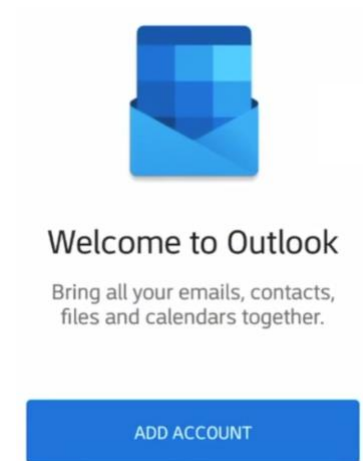

3. Open when finished.

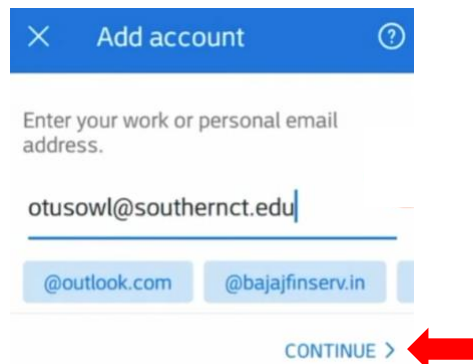

Set Up

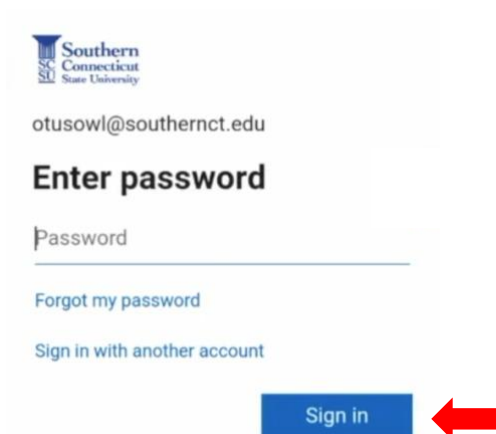

1. Select "Add Account".

2. Enter your full SCSU email address and select "Continue".

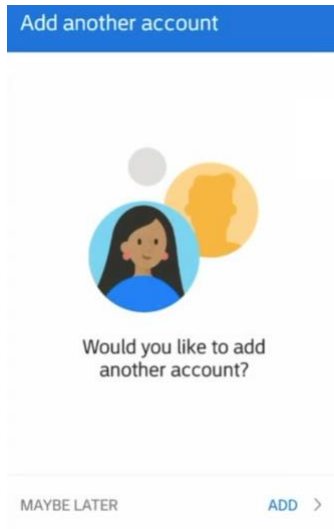

3. Enter your password and select "Sign in".

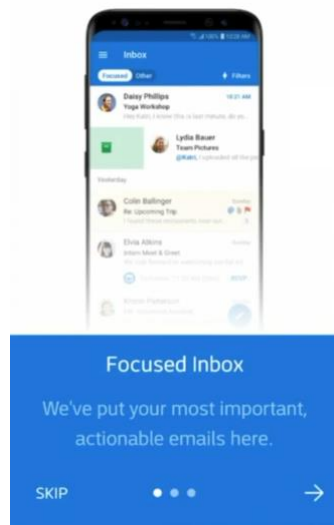

4. Authenticate your account if prompted.

5. Select whether you'd like to add another account to the app or not.

6. Proceed through the brief tutorial.

7. Outlook will then begin to sync your account.
