### General Regulations

Matriculated students who have completed at least 45 credits are eligible to register for certain courses on a Pass-Fail basis. The Pass-Fail option is blind in that the instructor is not aware of the student's use of the Pass-Fail option until after the grades are submitted. The Pass-Fail option may only be used for a free elective or cognate course that is not applied or shared with the general education (LEP), major, or minor requirements.

Students may take a total of five courses on a Pass-Fail option, with only one taken in any given semester. The final grade will be reported as "S" if the final grade earned is "D-" or higher. This grade has no effect on the GPA, but it does count as attempted credit. If the final grade earned is not passing, the final grade will be reported as "F". This grade will impact the GPA and does count as attempted credit.

Courses taken for Pass-Fail may not be accepted when transferring to another institution. Passed courses are excluded from GPA calculations which may impact a student's ability to meet certain requirements needed for their major, graduation, honors, or entry into a graduate program.
