

## Wifi: Eduroam - Windows

Introduction	1
How to connect	1
Check your Wi-Fi Status	5

## Introduction

This guide will show how to connect Windows devices to the Wi-Fi network: Eduroam.

## How to connect

- 1. Open a browser and enter the URL: eduroam.southernct.edu
  - a. You will be directed to the SCSU Eduroam landing page where your device's system will be detected.

		JoinNow		C	
	By clicking the JoinNow	button you accept the following <u>term</u> <u>conditions</u> .	<u>s and</u>		
	Was your d	evice detected incorrectly?			
	Select your de	evice: (Windows 10 & Above 🗸			В
	Privacy Policy	Powered by s	ecurew2.com		

- b. If your device is detected incorrectly, select the correct type below.
- c. When confirmed, click "JoinNow".

2. An application download screen will automatically prompt and begin the SCSU\_eduroam\_WiFi.exe download process.

a. Click "Save" to download the file.

b. Once finished, go to your Downloaded items located at the top right of your browser and run the application.

- c. The system will then ask you for permission to allow SecureW2 JoinNow to make changes to your device.
- 3. Select "Yes". Afterwards, a launch window will prompt.
